Any subunit of a governing body.
- b. Custodian: Officer, department head, or any employee of the Town designated or otherwise responsible by law to keep and preserve Town records and files, deposit or keep such records in their office or is lawfully in possession or entitled to possession of such public records and who is required by the Town to respond to the request for access to such records.
- c. Record: Any material on which written, drawn, printed, spoken, visual or electromagnetic information or electronically generated or stored data is recorded or preserved, regardless of physical form or characteristics, which has been created or is being kept by an authority. "Record" includes, but is not limited to, handwritten, typed or printed pages, maps, charts, photographs, films, recordings, tapes, optical disks, and any other medium on which electronically generated or stored data is recorded or preserved. "Record" does not include drafts, notes, preliminary computations and like materials prepared for the originator's personal use, or prepared by the originator in the name of a person for whom the originator is working; materials which are purely the personal property of the custodian and have no relation to his or her office; materials to which access is limited by copyright, patent or bequest; and published materials in the possession of an authority other than a public library which are available for sale or which are available for inspection at a public library.

6. REQUEST FOR RECORDS

Requests may be made verbally or in writing. Any person may inspect a record or request to purchase a copy as provided in Wis State Stat 19.35(1), except as provided in sub (10). A requester shall be permitted to use the facility comparable to those available to Town Employees to inspect or purchase a copy of a record. The authority is not required to provide extra equipment or a separate room for public access.

The legal custodian must be present and will require supervision during inspection and may impose reasonable restrictions on the manner of access to an original record if the record is irreplaceable or easily damaged.

7. DUTY TO MAINTAIN RECORDS

Except as provided under sub. (11), each officer or employee of the Town shall keep and preserve all records received from their predecessor or other persons as required by law. Upon termination of employment with the Town, each officer or employee shall deliver to their successor all custodial records. No records shall be deleted or destroyed. If a vacancy occurs before a successor is found, all records of that position shall become the responsibility of the Town Clerk.

8. PUBLIC ACCESS TO RECORDS

- a. Except as provided in sub (10), any person may inspect a record or purchase a copy of any record as provided in Wis State Stat 19.35(1).
- b. Upon receiving a written or oral notice of intent to inspect or purchase a copy of a record, the Town Clerk shall have at least forty eight (48) hours and up to 10 business days to respond to a request and set up an appointment.
- c. A requester shall be permitted to use the Town's facilities to inspect or request to purchase a copy of a record.
- d. The legal custodian must be present and will require supervision during inspection and may impose other reasonable restrictions on the manner of access to an original record.
- e. If a record contains information that may be made public and information that may not be made public, the custodian of the record shall provide the information that may be made public and delete the information that may not be made public from the record before release. The custodian shall confer with the Town Attorney prior to releasing any such exempt material. If in the judgment of the custodian and the Town Attorney there is no feasible way to separate the exempt material from the nonexempt material without unreasonably jeopardizing nondisclosure of the exempt material, the entire record shall be withheld from disclosure.
- f. If a record does not exist in the format specified by the requester, the custodian of the record is not required to recreate a document.

9. ACCESS PROCEDURES

- a. A request to inspect a record or to purchase a copy of a record shall be made to the legal custodian. Each authority, upon request for any record, shall, as soon as practical and without delay, either fill the request or notify the requester of the authority's determination to deny the request in whole or in part and the reasons thereof as per Wis State Stat. 19.36. If documents are not easily retrieved, the requester shall at least receive an acknowledgement of request within 10 business days (not including holidays). A request shall be deemed sufficient if it reasonably describes the requested record or the information requested. However, a request for a record without a reasonable limitation as to the subject matter or length of time represented by the records does not constitute a sufficient request. A request may be made orally, but a request must be in writing before an action to enforce the request is commenced under Wis State Stat 19.37.

10. LIMITATIONS ON RIGHT TO ACCESS

a. As provide by Wis State Stat 19.36, the following records are exempt from inspection under this section:

- Records specifically exempted from disclosure by State or Federal Law or authorized to be exempted from disclosure by State law;
- Whenever federal law or regulations require or as a condition to receipt of aids by this state require that any record relating to investigative information obtained for law enforcement purposes be withheld from public access.
- Computer programs, although the material used as input for a computer program or the material produced as a product of the computer program is subject to inspection;
- A record or any portion of a record containing information qualifying as a common law trade secret.

b. In responding to a request for inspection or the purchase of a copy of a record which is not specifically exempt from disclosure, the legal custodian, after conferring with the Town Attorney, may deny the request in whole or in part, only if determined that the harm to the public interest resulting from disclosure would outweigh the public interest in full access to the requested record.

11. DESTRUCTION OF RECORDS

The destruction of Town records shall be governed Wis State Stat 19.21 16.61, and local ordinance. The Town will retain records for at least the minimum period of time required by State Statute or local ordinance.
